Skills

- C#
- NodeJs
- CSS
- Restful API
- Vue
- Auth0
- MySQL
- MongoDB
- Scrum

Education

- Codeworks
Full-Stack Development
Certificate of Completion
08/2021 - 11/2021
- College of Western Idaho
Aerospace Engineering
08/2018 - 05/2019

Applications

Bug Tracker

Node.js, Vue, Mongo DB, Auth0
Able to track and create bugs, then soft delete closed/solved bugs.

Keepr

C#, Vue, MySQL, Auth0
Able to create vaults and keeps. Put keeps in vaults, while keeping vaults private.

Tripr

Node.js, Vue, Mongo DB, Auth0
Able to create Trips and supplies, mark pins for a trip on map. Even remove travelers.

Striving for the next deed that can help everyone enjoy life more abundantly. Dedicatedly working to see efforts through progress made. Keeping social engagement with peers to stay focused on tasks, and potentially casually cheering them up! A healthy work environment is a happy work environment.

Experience

Software Development Student

Codeworks 08/2021 - 11/2021

- ☐ Implemented scrum on a team of 5 developers, on a 2 week sprint application called Tripr. Worked on Backend C# server and postman Tests.
- ☐ Created 15 applications with a blend of skills category.

Warehouse Associate

Amazon 08/2020 - 06/2021

- ☐ Communicated with a small team, and planned who would cover/replenish depleted warehouse areas.
- ☐ Received a 'Golden Ticket' for being the fastest worker during a timed challenge.
- ☐ Moved to multiple different positions due to accuracy in counting proficiency.

Warehouse Associate

Disney World 08/2019 - 05/2020

- ☐ Acknowledged by Supervisor for Efficiency, and making sure the warehouse is safe for associates.
- ☐ Filled in roles from manual to machine labor to cover where work needed to get done, if amount of labor in area wasn't enough.
- ☐ Encourage associates to compete in personal bests, and one on one competitions for productivity.

Cook & Delivery Driver

Pizza Hut 08/2015 - 04/2018

- ☐ Got new employees feeling welcomed to the Hut Family. Encouraging team members with positive re-enforcement.
- ☐ Encouraged Team Members to participate in store challenges. Increasing stores testing success rates
- ☐ Gave delightful and swift customer service, when taking orders and delivering to customers.
